FOOD TRUCK GUIDELINES

Wake Forest University will only permit food trucks on campus that are subcontracted with Deacon Dining and booked through Deacon Dining

Wake Forest groups must submit their request at least 14 days in advance of event date.

Phase 1: Booking Space

- Campus group or student reserve location through DeaconSpace.
- Space Manager works to approve event location. If approved, this is a "tentative" confirmation for the date and location. The reservation becomes "confirmed" once the group receives approval in DeaconSpace.
- Once space is confirmed, contact Deacon Dining for food truck list and booking.
- Reminder that Deacon Dining will need to book the truck (not student org. directly)
- Contact parking to reserve spot for food truck (there only certain spots food trucks can park on campus)

Phase 2: Deacon Dining (Under the Oaks Catering)

- Deacon Dining (Under the Oaks Catering) works with campus group or student to book food truck
- Deacon Dining (Under the Oaks Catering) updates group that (food truck name) has been approved and booked
